WEDDING CINEMATOGRAPHY

CHICAGO, IL + WORLDWIDE

# THE PERFECT CHOICE

I know that couples put their hearts into planning their wedding — making them unique, memorable, and reflective of their own personal taste. I honor their dedication by giving a beautiful short film equivalent to their love.

I am based in — but not limited to — Gilbert, IL. I love working with couples whose top priority is quality cinematography for their wedding. Given my experience, I understand the value of highlighting raw emotions with cinematic style while featuring those moments in the film to make your wedding video unique.

Getting to know you well before the big day is something I find that adds a lot of value to the final production.

You won't find me "just showing up and pressing record."

I am personally invested in you, as my couple, and I can guarantee you that by choosing me over a bigger production company that prioritizes business over a relationships will be the difference in the final film.

Honestly, my main goal is to make you happy and my only hope is that you have tears of joy after watching your video.
